

What is the Canola Learning Centre?

The Canola Learning Centre (CLC) is a **FREE** farm tour and learning experience aimed at educating students and their educators. The CLC gives your group an opportunity to learn about canola and other Manitoba crops in a real farm setting using fun, educational, hands on activities.

When can my group visit?

The CLC tours run from the middle of May until the end of August. School tours are open to all grades. Tours are tailored to fit your grade and subject matter.

Summer tours are held for daycares and youth groups in the months of July and August.

CLC tours are flexible and will work towards accommodating the needs of your group.

At the Canola Learning Centre, you will:

- Crush canola seeds to make your own oil and learn how to grade canola;
- Make your own marinade using canola oil;
- Learn about healthy fats and keeping your body healthy while eating delicious vegetables;
- Learn how to identify major Manitoba crops;
- Sweep for insects;
- Learn the difference between a good bug and a bad bug;
- Ride behind a tractor pulled wagon;
- Explore the fields and machines of the farm while riding on a wagon;
- Sit in a tractor;
- Learn about different machinery on farms;
- And much, much more!

Canola Learning Centre Experiences

"Activities were great - the seed identification activity is one of my favourites. Everything fit in beautifully with my unit on 'Agriculture' in the prairies." Teacher, Robert H. Smith School

"Very well organized, well presented, hands on experience" Carpathia Children's Centre

"We enjoyed getting to do what the farmers do and seeing how canola oil is made" Teacher, Neil Campbell School

Where is the Canola Learning Centre?

The CLC is located at Kelburn Farm approximately 10 minutes south of Winnipeg, Manitoba on highway 75. Kelburn Farm is a 500-acre grain research and plot test site owned and operated by Richardson International.

Manitoba Canola Growers provides information on canola and canola oil to growers, consumers, health professionals, chefs, media, students and educators. Manitoba Canola Growers represents 9,000 canola growers in Manitoba. Canola Oil. Local. Healthy. Good for you.
